PRICE INCREASE NOTIFICATION

Dear Valued Customer,

Due to the increase in our production cost(s), we must raise the price(s) of our various construction materials.

During the past year we have experienced the ever-increasing cost of commodities, manpower, and transportation. Unfortunately, we cannot continue to absorb these cost impacts and are forced to transfer some of this burden on to our valued customers. While we navigate these turbulent times, we will continue to focus on our internal processes to minimize future increases and stabilize our pricing.

We are committed to providing you with superior products and look forward to working with you on the successful delivery of future projects. We appreciate your continued partnership and support.

Respectfully,

Colorado Asphalt Services, Inc.
